## WANTS SENATE SEAT BACK

**Public Urged To Cut 10% Of Electricity Use**

## Foshee Conviction Is Overturned By Appeals Court

Last Friday the 5th U. S. Circuit Court of Appeals ordered a new trial for former Senator E. C. "Crum" Foshee. He and his brother were convicted in 1976 of "check kiting," and sentenced to 18 months in prison. This conviction automatically expelled him from the Alabama Senate.

Foshee has announced that he will seek to regain his Senate seat. News reports indicate Governor George Wallace is requesting an opinion from the Alabama Supreme Court on Foshee's efforts to regain his District 25 seat in the state Senate.

The section of the Code of Alabama reproduced on this page indicates that a public official immediately vacates his office upon being sentenced to imprisonment in the penitentiary. It also indicates he "shall be restored to office" if the conviction is overturned.

The "shall" in the law has raised an interesting question among various legal minds. It indicates that Foshee may automatically be reinstated even if he doesn't want the job (he hasn't been doing badly since leaving office). Then if he resigns the very first day the Senate meets, who will be the senator for the district? Would Senator Miller remain in the seat or would Governor Wallace call another election for the balance of the term, or would the district be without a senator until next year? All this is speculation, because Foshee has been quoted as saying he wants to return as State Senator from this, the 25th District.

There may be other sections of the Alabama Code that indicate Miller retains the seat until all legal proceedings against Foshee have ended, but thus far none has been brought to the attention of this newspaper.

## Local Businesses Are Cutting Energy Use

A check by this newspaper Wednesday morning indicated that several local businesses have begun to devise ways to conserve energy.

Billy Jernigan, manager of the Elba Piggy Wagon, reports that his company is in a chain-wide program to conserve. He said lights in store rooms will be cut to a minimum, half of the overhead lights will be cut if at all possible, and other ways are being sought to save energy.

## Commissioners Urge Combined Offices

The Coffee County Commission met in session on Monday, March 13, at the Courthouse in Elba, and voted unanimously to adopt a resolution asking Rep. Jimmy Holley to introduce a bill which would consolidate the offices of the Tax Assessor and Tax Collector.

The offices are now separate branches of County Government, but the proposed bill would combine the two posts into a single agency.

Monday's meeting began at 10:00 a.m. all commissioners present except Don Smith. Present were Probate Judge James Sawyer, Clerk Brunese Winston, and Commissioners Bennie Bechtman, Max Reeves, Jack Hornsby, Gilmer Grant, and Rex Boutwell.

County Engineer Leslie Mullins passed out a Franchise Agreement for the commission's approval that would allow private garbage pickup along Rucker Blvd. near Enterprise.

The pickup area would include the area bounded by Al Highway 27 on the west, by P. Rucker and Dale County on the East, by U.S. Highway 84 on the South and City Limits of Enterprise on the North.

The bill would include all houses on both sides of the road and homes on all unpaved roads in the area.

The commission discussed the proposed document at length and decided to call in County Attorney Braxton Rowe.

Comm. Jack Hornsby said "I'm against giving private franchises because if you let one pickup garbage you'll have to let others." This way the private contractors will pickup the highly populated area and all we

will have left are the sparsely populated regions. We'll just end up in the same old mess, losing money!"

After studying the agreement during the luncheon break Mr. Rowe reported the wording of the document was questionable and advised the commission to re-advertise for bids.

The commission finally decided it would pickup all houses along Rucker Blvd. near Enterprise. The county will provide garbage pickup in all areas not within the Police Jurisdiction of a City (unless asked to by an individual).

The commission voted to advertise for bids for a contract to pickup commercial and school garbage. The price will later be negotiated between the contractor and his client.

In other action at Monday's meeting, the commission: \*\*\*was informed of an upcoming seminar in Dothan on March 24, on the subject of Firefighting and Fire Prevention. The letter was forwarded to Forest Ranger Wayne Roberts.

\*\*\*discussed the poor condition of many roads in the county and the need for resurfacing, \*\*\*received pipe request. The next meeting is set for Thursday, March 23,

## Reserve Unit Coming To Elba

The 131st Light Equipment Maintenance Company of the U. S. Army Reserve will officially be activated in Elba on April 1st. The unit will lease the old National Guard Armory on N. Claxton Avenue.

The city received title to the building and adjoining property last year when the Alabama National Guard moved into new quarters near the Elba airport.

The reserve unit in Elba is the result of many hours of work by interested citizens during the past eighteen months. It began when Reserve commanders in Birmingham were from a selected group of community leaders urging Elba be considered for a unit. This was followed by a continuing interest by the local citizens and extensive help by Alabama Congressman Bill Dickinson. Reserve officials readily admit the unit is in Elba because of the local interest.

The local unit will consist of 200 men (or women) consisting of 150 enlisted personnel, five commissioned officers and five warrant officers. The large size of this unit forced splitting, and part will be stationed in Dothan. However, for the first three months of the unit's existence, all members will drill in Elba.

Commanding the unit will be Captain Joe Johnson of Elba. First Sgt. will be Floyd Morrow, also of Elba. Sgt. Major Fred Moore will be working full-time with the local unit during the immediate future and possibly permanently.

Members of the unit will be trained in many civilian related jobs, including auto mechanics, generator mechanics, welders, refrigeration repairmen, office machine repairmen, fabric repair, sheetmetal workers, data processing, radar repairmen, fork lift operators, radio repair, teletype repairmen, administration, etc.

Military and civilian dignitaries will be in Elba on April 1st for the ceremonies activating the unit. The City of Elba is working with military officials to plan the ceremonies and feed the visiting officials.

## Methodist Members Go On Benefit Sing At Tour To Costa Rica

Seven members of the Elba United Methodist Church have joined 36 other United Methodists from Alabama and West Florida this week (March 13-18) on a mission tour of Costa Rica.

The Elba group left Elba at 2:30 p.m. Sunday traveling to New Orleans to spend the night. Then they flew from New Orleans to San Jose, Costa Rica, on Monday via a scheduled flight of Honduras Air Lines (SAHSA). They will fly back to New Orleans Saturday morning, and return to Elba that afternoon.

The trip has as its primary purpose the visiting of Methodist Mission Stations in Costa Rica in order to see and know of the mission program there, and the interpretation of this mission program to the group returns home.

Headquarters for the group while in Costa Rica is a Methodist Camp at Alajuela, near San Jose. Tuesday was spent in touring mission sites in the central plateau. Wednesday and Thursday the group are making an overnight tour to Goitito, a Pacific coast port near Panama. Friday will be a free day in San Jose. Each night the group will be in some church, participating in simultaneous revival services.

Those from Elba on this tour are Miss Wendy Anderson, Miss Joan Brazelton, Miss Cynthia Stokes, Miss Virginia Vaughan, Mike Rich, Johnny Vaughan and Ed Henne.

In accordance with the desires of the Circuit Court of Coffee County, Alabama, Elba Division, entered in the above styled cause, said decree being dated the 2nd day of March, 1978, the undersigned, Jim Ellis, as Register of said Court, will proceed to sell, at public outcry, for cash, to the highest bidder, between the legal hours of sale, before the Courthouse Door in Elba, Coffee County, Alabama, on Thursday, the 6th day of April, 1978, the following described real estate located in the City of Elba, County of Coffee, State of Alabama, to-wit:

The North half of the North-east Quarter, less one-half-acre for school, lying in the forks of the road, and less all that part lying East of the Elba and Kinston Public Road being 8 acres; all in Section 3, Township 4 North, Range 10 East, in Coffee County, Alabama, containing 71-1/2 acres, more or less. Subject to rights of way for public roads.

Said sale is being made for the purpose of a division of the proceeds of said sale amongst the joint owners and tenants thereof.

Billy Nutt

Sam Granade

Dr. Billy Nutt, director of the Church Development Division of the Alabama Baptist Convention, will be leading the pastors in their conferences. He will be speaking from his experience of ten years in the pastorate of open-country and small town churches, and their ten years in state work, working in the areas of state calendar planning, church development, and as Director of Associational Missions. He recently wrote a revision of the "Church Development Handbook" which became available in Baptist Book Stores, entitled "Beginning Guide for Church Planning." Dr. Nutt is a graduate of Samford University and Southern Baptist Theological Seminary.

Music will be under the direction of Mr. Lloyd Helms, Minister of Music-Youth of the County Line Baptist Church. Mr. Wayne Griffin, organist for the County Line Church, will be pianist.

Presiding over the three sessions of the retreat are Rev. Don Ricks, pastor of the Open Door Baptist Church of Enterprise; Rev. Arthur Eminger, Assn. Moderator, and pastor of the Calvary Baptist Church of Enterprise, and Mr. Wayne Davis, deacon in the Hillcrest Baptist Church of Enterprise.

Reservations for attending the retreat should be made by calling the Director of Associational Missions, Dr. Richard G. Crowe, New Brighton, 894-6411 or 6667.

Dr. Davis is a native of Calhoun, Alabama; graduate of Samford University and Southern Baptist Theological Seminary. He has served as pastor of churches in Kentucky, Virginia, and was the former pastor of the Oak Park Church in Decatur, Alabama.

Returning to the retreat as preacher is Dr. Sam Granade, Director of Church-Minister Relations for the Alabama Baptist State Convention. Dr. Granade is a graduate of Samford University, Southern Baptist Seminary, and served as a navy captain during World War II. Captain Granade returned to become the pastor of the Evergreen Baptist Church, Evergreen, Alabama, where he served for 25 years before he was called to the directorship of Minister-Relations.

He will be speaking from his experience of ten years in the pastorate of open-country and small town churches, and their ten years in state work, working in the areas of state calendar planning, church development, and as Director of Associational Missions. He recently wrote a revision of the "Church Development Handbook" which became available in Baptist Book Stores, entitled "Beginning Guide for Church Planning." Dr. Nutt is a graduate of Samford University and Southern Baptist Theological Seminary.

Music will be under the direction of Mr. Lloyd Helms, Minister of Music-Youth of the County Line Baptist Church. Mr. Wayne Griffin, organist for the County Line Church, will be pianist.

Presiding over the three sessions of the retreat are Rev. Don Ricks, pastor of the Open Door Baptist Church of Enterprise; Rev. Arthur Eminger, Assn. Moderator, and pastor of the Calvary Baptist Church of Enterprise, and Mr. Wayne Davis, deacon in the Hillcrest Baptist Church of Enterprise.

Reservations for attending the retreat should be made by calling the Director of Associational Missions, Dr. Richard G. Crowe, New Brighton, 894-6411 or 6667.

Dr. Davis is a native of Calhoun, Alabama; graduate of Samford University and Southern Baptist Theological Seminary. He has served as pastor of churches in Kentucky, Virginia, and was the former pastor of the Oak Park Church in Decatur, Alabama.

Returning to the retreat as preacher is Dr. Sam Granade, Director of Church-Minister Relations for the Alabama Baptist State Convention. Dr. Granade is a graduate of Samford University, Southern Baptist Seminary, and served as a navy captain during World War II. Captain Granade returned to become the pastor of the Evergreen Baptist Church, Evergreen, Alabama, where he served for 25 years before he was called to the directorship of Minister-Relations.

## BRAINSTORMS

With Ferrin Cox

The reports keep coming in saying sweet things about Elba folks in general and Elba teenagers in particular. A couple weeks ago the Coffee County Arts Alliance sponsored a play at the Elba High School Auditorium and the Elba youths attending the event were models of well trained folks, according to every report we received. It is a sure pleasure to see teenagers doing something nice and to see adults taking time to pass on praise of them when they are nice.

While we are on the Arts Alliance program, it must be said that Mary Louise Collier, Lois Holt, Nancy Brunson and Lamar Rainer Jr. all did an outstanding job of setting up the event locally and seeing that the four or five hundred attending were in their seats at the right time.

Don't know just who is the senator from our district but hopefully it will be decided by next Tuesday morning when the upper house goes back into session after a week of vacation. E.C. (Crum) Foshee was ousted by Alabama law when he was convicted of check kiting last year and Dr. Wallace Miller was elected in a special election to fill the unexpired term. Now Foshee's conviction has been over-

turned and at least one section on the Code of Alabama reads that "he shall be restored to office". If this is upheld as law then Senator Miller will be former Senator Miller-and his efforts in Montgomery will be through unofficial channels and through his closeness to Governor George Wallace and Foshee will do all the voting for the district.

The Army Reserve unit for Elba is now official. It was announced last Thursday morning that the unit would be activated on April 1st. We have followed the development of this for at least 18 months and a lot of folks have worked together for the net results. An effort to name them all would be impossible. It started back when Sam Sawyer was Mayor of Elba with a bunch of letters and telephone calls from various citizens. One out-of-town politician that has consistently dogged the red tape, process is Congressman Bill Dickinson and his staff. At least once a month, sometimes weekly and during one period almost daily, his staff was writing letters and making telephone calls to this newspaper, City Councilman Jimmy Wise and other leaders reporting on the step by step progress through Washington and other government agencies until it has become a reality.

The Elba Water and Electric Board has some plans for extending water to several areas outside the city limits. A group from East of Elba (McCall Store area) met last summer with the Board and requested this service. For some time these plans have been discussed but remained

rolled up on someone's desk or file cabinet. Tuesday night it was decided to actively work on this project and see if the people really want the added service. Our only criticism is that it was not done sooner! These people are outside an unsewn line called city limits, but they are Elba people and have water problems. There is a strong chance of a federal grant for part of the cost and the sale of the water would cover the balance of the cost. There we would be doing something for our neighbors who are constantly having water problems and doing it at no cost to ourselves or in other words having our cake and eating it also.

The county commissioners have passed a resolution urging Representative Jimmy Holley to introduce legislation combining the Tax Collector and Tax Assessor offices and Holley told this newspaper he would do so immediately. Again we would like to take credit for this action, but knowing it has been discussed before and other counties are already doing this or working to do it we can only sit back and commend them for this action.

We must not let a paper get out without a report on Mayor Folsom and the police car. The city council voted to park one of the new cars at the city barn, cancel the insurance, etc. The car got as far as the barn the next morning and

Mayor Folsom went and got it. He used it for a trip to Mississippi on city business when the councilmen had suggested he ride in a truck going to the same location. When he returned the car was parked at the city hall and at present time was still there, but policemen are not using it at all because of the vote by the council. The next move with the car is anyone's guess.

### Letter To Editor

Dear Mr. Cox,  
I would appreciate it if you would give me some of your time in order for me getting others time. I realize I am only a teenager and my opinions and point of views aren't seem to be important but I would like to express my opinions on a very important matter.

I have been concerned for some time now about people parking their vehicles along side of the street in front of their homes. These streets

aren't very wide to begin with and these people have perfectly good driveways that aren't occupied by another family car. This is very dangerous for cars, they could have an accident trying to go around these parked cars. There are many dangerous points to this and if something isn't done someone could get seriously hurt.

Thank you for letting me tell my opinion to you and others.  
Sincerely yours,  
DEBBIE WALDON

## Views From The Pressbox

By Ricki Mulara, Sports Editor

Summer is right around the corner and it looks like this year will be the biggest ever for softball. I've heard that the Elba Men's League will have at least 10 teams, with 8 teams signed up to compete in the Women's League.

Softball is booming everywhere, and especially in Elba!

We've been getting a lot of fish pictures in recent weeks, and I promise you we'll get all of them in the paper when we have room.

Ferrin and I are glad to make pictures, but the easiest way to get your picture made after a successful fishing trip is to stop by The Elba Bait Shop or The Tackle Box. They'll be glad to make the picture and then bring it to us!

Elba High wraps up spring training next week with a Black and Gold game at 1 o'clock Thursday afternoon. It's been a rough spring for the Tigers, but word is they have developed into a mighty good team.

We'll find out Thursday!

The N.C.A.A. Tournament got off to a surprising start last weekend with Marquette and North Carolina being ousted. That's okay, I'm backing the Cats, Go Kentucky!

Till next week...

## Cook Chevrolet Wins Little

### League Basketball

### Tournament

The Little League basketball season came to an end recently when the league's four teams competed in a mini-tournament. Cook Chevrolet was the tourney, followed by Hickman Moving and Storage, Dorsey Trailers and Kleinerts.

#### 1st ROUND ACTION

COOK 16 - KLEINERTS 13  
Cook opened the tourney by claiming a narrow 16-13 win over Kleinerts. Scoring for Cook was Mike McCollough 3, Terry Ware 2, Tommy Hooks 4, Victor McKenzie 2, Terrell Hammonds 2 and Dwayne Hooks 3.

Kleinerts was paced by Rubin McKinnon, the league's "top scorer," with 17 points, John Hudson 6, Leroy Cole 4, Junior Tyson 2 and Ray McKinnon 2.

HICKMAN 26 - DORSEY 24  
Rhet McCollough poured in 14 points to lead Hickman to a 26-24 upset win over top-seeded Dorsey.

Adding the Hickman attack were Scotty Barnes 4, Kimmie Daniels 4 and Chris Moore 4. Scoring for Dorsey were Freddie Caldwell 12, Derek Young 2, Dwayne Fleming 6,

## Elba Police Win Local Basketball Tournament

The Elba Police Department claimed two hard-earned victories last Saturday to claim first place in the "Pigs' Basketball Tournament" held in Elba.

Finishing second was Ft. Deposit, while third place went to New Hope.

Ft. Deposit 105 - HOSPITAL 76  
Ft. Deposit came out running, and opened a big lead early in the game as they breezed past the Hospital 105-76 in the opening game of the tournament.

Ft. Deposit took charge from the opening tip and moved into a 47-29 advantage at halftime. Lamar Kelley poured in 10 points in the third quarter to rally the Hospital, but Ft. Deposit held off the challenge and claimed the victory.

Paul Spears and Dennis Tillman scored 34 and 28 points respectively, to pace Ft. Deposit, while Tim Goosby led the Hospital with 20 points.

SEMI-FINALS  
FT. DEPOSIT 86  
FULLER'S ALL-STARS 56

Ft. Deposit broke open a close game near the end of the first half and pulled away in the second half to bury Fuller's All Stars 86-56, in a semi-final match-up.

Fuller's team cut the Ft. Deposit lead to only 2 points with 1:00 remaining in the half, but Ft. Deposit scored four unanswered buckets to grab a 42-32 halftime bulge.

In the second half, Ft. Deposit led all the way to claim the win.

On Sunday, April 23, the girls will act as hostesses for the George Lindsey Celebrity Golf Tournament at Arrowhead Country Club. Tee-off is scheduled for 10:30 a.m. and tickets will be on sale at the gate the day of the tournament.

Two of the newest celebrities announced this week are Ron Ely and Charles Lane. Ely, a veteran motion picture star, is better known as "Tarzan"

in the famous jungle man episodes. He also makes regular appearances on Daytime television game shows.

Charles Lane, one of Hollywood's top character actors, first appeared in motion pictures in 1929. He has probably performed in more motion pictures than any actor and believes that 400 films would be a conservative estimate. His latest airings include "Maude," "Chico and the Man," and a semi-regular on the ABC Comedy "Soap."

Over fifty celebrities will be joining these latest commitments to raise money for the mentally retarded of Alabama through the Special Olympics Program. Announcements of all celebrities who will be participating will be made throughout the next few weeks.

## BRANTLEY BASKETBALL HIGHLIGHTS AT STATE TOURNAMENT

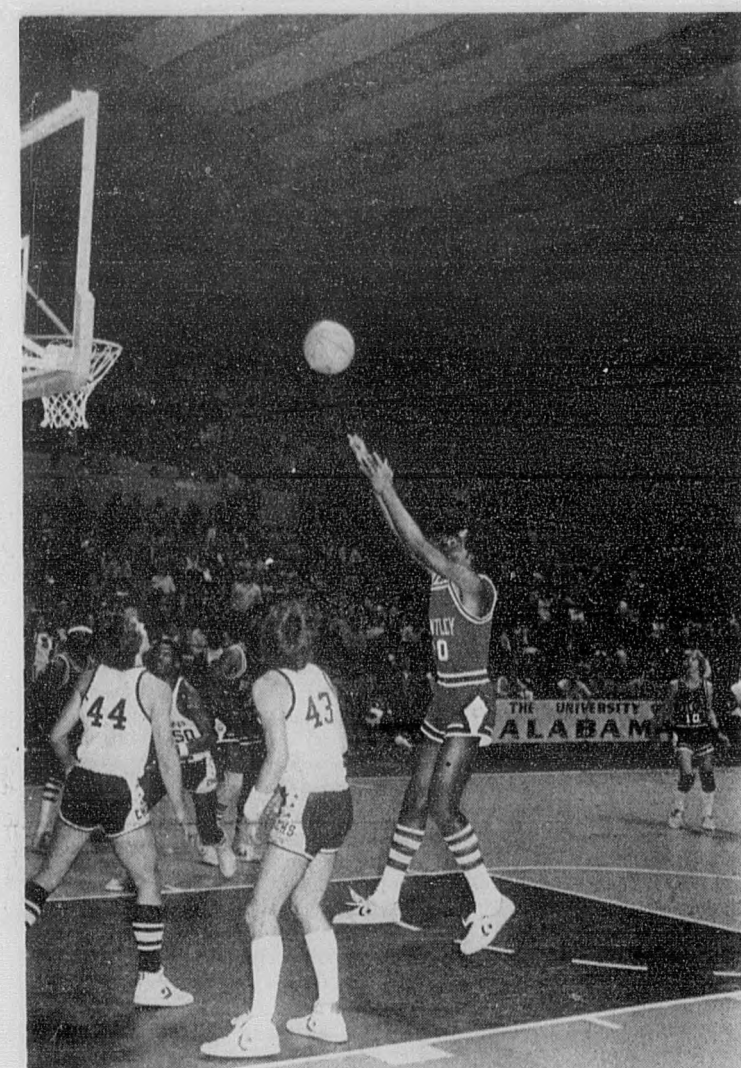

Brantley's Aaron Bogen (14) pops two-pointer to give Dogs 2-0 lead.

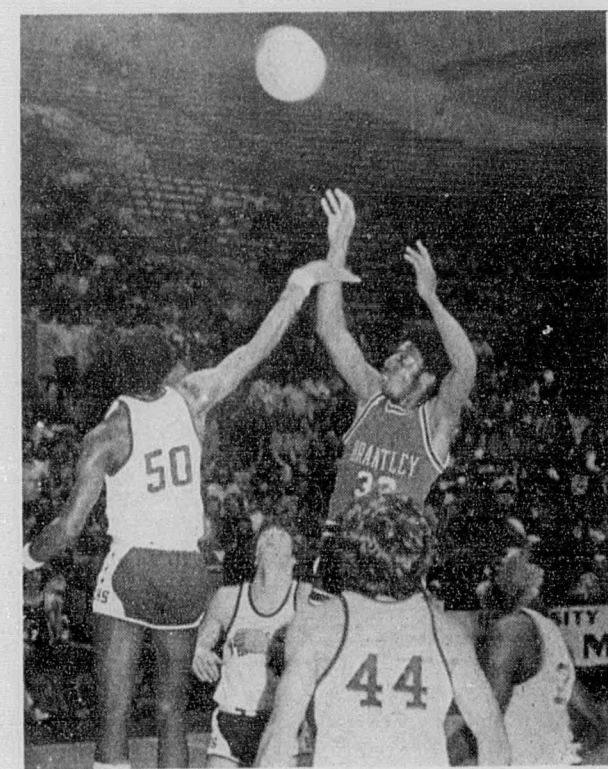

Coach Bernal Sullivan instructs his team as the Bulldogs fall behind in second quarter.

Stan Haws guards a Collinsville player during state tourney action.

Forrest Person shoots from close-in. Person, a 6-4 sophomore led the Brantley comeback by scoring 13 points.

Joshua Folmar (32) shoots over a would be defender. Folmar, a junior, should anchor the Bulldogs next season.

The scoreboard tells the story as Brantley falls behind late in the game

## Kinston Academy Of Science Presents Science Fair

The Kinston Chapter of the Alabama Academy of Science presented its eleventh annual Science Fair on Sunday, March 5. The fair is sponsored to encourage the students at Kinston to be more creative, to increase their knowledge of scientific procedure, and to stimulate their interest in the different fields of science. The Science Fair gives the general public an opportunity to observe the student's achievement in this field of study.

The winners in the varied categories were:

**SENIOR DIVISION -**  
Biology Group  
1st - Joy Burdett, Pam Sheffield  
2nd - Jeff Weeks, Suelien Hatcher  
3rd - Roger Rainey, Mark Parker, John Loman

**Biology Individual**  
1st - Lydia Rhodes, Jane Helms  
2nd - Susan Reeves, Sherry Wesley

### NO-TILLAGE FARMING IN LIME AND FERTILIZER

Research scientists throughout the country have different opinions on rates and methods of application of lime and fertilizer for no-tillage farming. This is an indication that more research is needed for specific crops on different soils.

Nitrogen fertilization is an item that needs more research studies. There is some evidence that nitrogen losses due to leaching can be greater under no-tillage since available moisture is usually higher than conventional tillage. On the other hand, nitrogen losses from runoff and erosion may be significantly reduced by no-tillage - especially when plantings are on sloping fields with good residue cover.

All commonly used forms of nitrogen can be used for no-tillage. Anhydrous ammonia is sometimes difficult to apply because the applicator must cut through surface residue and close the knife slot so that ammonia will not escape. However, some subsoiler type planters are well suited for applying anhydrous ammonia during the planting operation.

Available information indicates that surface applied phosphorus and potassium remains in top 1 to 2 inches of the soil. Crop roots have no problems in using surface applied phosphorus and potassium, especially when plantings are made in soils with good residue cover.

## Dr. Miles Elected To Chiropractic Association

Dr. Melvin V. Miles of 426 W. Davis in Elba, has been selected for membership in the American Chiropractic Association. The announcement was made recently at the organization's national headquarters at Des Moines, Iowa, by Dr. Paul E. Parrott, president of the Association.

As a member of the ACA, Dr. Miles joins thousands of fellow doctors of chiropractic, all dedicated to improving general health care.

Dr. Miles is a graduate of Carver College of Chiropractic located at Oklahoma City, Oklahoma; and is also a member of the Alabama State Chiropractic Association.

Membership dues support major programs of chiropractic education and research, and provide materials for use in public education and vocational guidance.

The private completed his high school education through the General Educational Development program.

Dr. Miles joins thousands of fellow doctors of chiropractic, all dedicated to improving general health care.

Following a recent storm that killed 17 people and wasted the coastal suburbs of Boston, Private Danny W. Lee of Elba, and other members of the 104th Transportation Company, Ft. Devens, Mass., responded to the crisis.

Convoys of men, trucks and heavy equipment traveled nearly impassable roads to aid in rescue, evacuation and snow removal. By the time Boston was officially named a Federal Disaster Area, soldiers and

This year I again talked with United States Senator Wendell H. Ford who serves on the Energy and Resources Committee. Much of his time on this committee concerns surface mining regulations and Ford helped draft the Surface Mining Reclamation Act of 1977. Better known as strip mining, surface mining is often under attack by environmentalists who feel this method of mining coal damages the land and pollutes streams.

Ford told me that definite amounts had to be set aside by coal operators for a fund to restore areas being mined. Receipts from this fund are used to clean up, restore and beautify mined areas which are often made better and more useful than before the mining took place.

Of course, there is no easy answer to the problems associated with mining, but certainly the establishment of a reclamation fund appears to

## Prevention Of Mental Retardation Theme Of Campaign

"Prevention of Mental Retardation" will be the theme of a campaign during March sponsored by South Central Alabama Mental Health/Mental Retardation Center. The campaign will focus attention on steps women can take to lessen the possibility of giving birth to a mentally retarded child. All expectant mothers are urged to learn the facts about mental retardation and what can be done to prevent it. Good medical care for the baby after birth is of primary importance. When diagnosis reveals problems do exist, early treatment and education, particularly in the pre-natal period, can prevent many of the disabling effects of mental retardation.

The following steps can help to insure the birth of a healthy child:

1. Women who are pregnant or who expect to become pregnant should seek good medical care.
2. Guard against rubella (3-day German measles) that can be severely damaging to the unborn when contracted by the mother during early months of pregnancy.

Women should check with their physicians regarding immunization.

3. Have your children vaccinated against the 10-day measles, a disease that can cause brain inflammation and resulting retardation.
4. Insure against results of untreated kidney or bladder infections, thyroid disease and diabetes through medical care during pregnancy. These diseases often have few or no symptoms, but can cause abnormalities in the baby.

If genetic counseling is available to you, take advantage of it before conception, especially if there is any abnormality in either parent's family, or if you have had a retarded child.

6. Protect against X-rays and other radiation exposure for both mother and father before conception, with special precautions for the mother during pregnancy.

7. Avoid all drugs during pregnancy except those prescribed by a doctor. Certain drugs may cause deformities, and some otherwise harmless drugs in combination with others can result in defects.

8. If blood tests at any time indicate prenatal disease for mother or father, get medical treatment immediately.

9. Have prenatal tests to discover any possible defects in the fetus.

10. Eat a balanced diet throughout life, and especially during pregnancy.

11. Have your baby checked for inborn chemical errors immediately after birth. Some can be corrected.

12. If your baby is not normal, seek medical treatment immediately. Many of the disabling effects of mental retardation can be prevented through early diagnosis and treatment, especially in the pre-school years.

For further information about mental retardation, prevention, early treatment and education or training programs, contact South Central Alabama Mental Health/Mental Retardation Center, Andalusia - Alabama, 36820. Telephone numbers are 222-3211 or 222-2523.

## NEWS from your PHARMACIST

By: KRIS SCARBOROUGH

Much is said about Hypertension (high blood pressure), but the condition known as Hypotension (low blood pressure) can also be quite serious. Persons with low blood pressure are likely to have heart disease, and Hypotension, even in its mildest form, can cause a person to tire very easily.

A physician should be consulted if you experience faintness, dizziness or headaches when you have exerted yourself very little. Other signs of Hypotension include mental depression and general pains over the entire body. There are various types of Hypotension as well as causes. Only your doctor is qualified to diagnose this illness and prescribe medication.

And, we are prepared to compound all prescriptions with accuracy and dependability. Rely on us for the right medication removal. Your doctor prescribes it. Your health is our number one concern.

## Elba Students Win In VICA Meet

Members of the Elba High School Chapter of the Vocational Industrial Clubs of America journeyed to Dothan on March 9 for the District VIII Skills Contest held annually by the VICA club in this district.

The district competition pitted Elba against larger schools such as Enterprise, Dothan, Lee, Lanier and others. It has been shown in previous contests as well as at this most recent one that the size of the school is not the deciding factor.

The VICA Club and its various contests are designed to build and measure such important vocational qualities as job skills, leadership, personality, poise and self-confidence. With the support of the community, the young people in our local VICA Club will continue to represent their school and community with excellence.

## Graduation

Memories flow like a cool water stream. Memories glow like a fluorescent dream. Graduation is our life, it seems. Graduation is our long life dreams. The excellent grows with each passing day. Everyone is hoping there is no delay. Our caps and gowns have been ordered. And so our announcements will be sorted. Teenagers are making plans of their life. She'll take a husband, he'll take a wife. We'll get jobs and have kids of our own. We'll teach what we have known. 'The importance of the situation - The importance of a graduation.'

**FBLA Members Wins Contest**

Ken Martin and other members of the Elba Chapter of the Future Business Leaders of America traveled to Dothan High School Saturday, March 9 to participate in the District IV FBLA District Meeting.

Ken Martin won first place in the Accounting I Event and will go to Birmingham on April 7 to participate in the State contest. If he wins the state competition, he will then be eligible to go to San Francisco, California, this summer to compete in the national contest.

Congratulations, Ken! Others attending the District IV meeting were Myra Benson and Renee McKinnon, along with their sponsors.

**EHS Golf Team To Begin Schedule**

The Elba High School golf team will begin their season on Wednesday, April 5, with a match against Enterprise, Opp and Ozark at Ft. Rucker, "Ole" the direction of Coach Dale Crows, this year's team will play a schedule of approximately 10-12 matches against teams from high schools throughout South Alabama. Their season ends with the Sectional Tournament on May 4, at Olympia Spa in Dothan, one of the finest golf courses in the Southeast.

This year's team returns all its players from last year, and includes three seniors who have played on the team for the past three years. These seniors - Joey Holley, Ken Martin and Scotty Weeks - should provide ample leadership. They will receive help from Junior Alan King and eighth grader, Rusty Clark, one of the best young prospects in the conference.

Coach Crows says that the outlook for this year's team is the best ever in his years as golf coach at EHS, and that they will undoubtedly be a top contender for the South Alabama Conference crown.

Good luck, Tiger!

Coffee County commissioners and probate judge look at a new publication entitled "IMPACT 80, IMPACT 80 is Expected."

**EXCELLENT OPPORTUNITY**  
Dan Presley, County Agent in Agriculture and Natural Resources, is working full time on hog production and beef production in this county. He is one of the top Extension men agents in Alabama. He is a willing worker; he doesn't mind getting his hands dirty, he is cooperative; and he will do what he says he will do.

Helping him with hogs in this county will be Mr. Jerry Van Dyke. Van Dyke will be working out of Headland in the ten southeastern Alabama counties on swine expansion. Van Dyke came to us from Clemson University where he had several years of experience. So Coffee County hog producers, both presently growing hogs and those who may grow hogs, have some of the finest help available in the United States. Will Coffee County farmers take advantage of the help available, both educational and financial, and get into the hog business in a solid substantial way? We believe we have great opportunities. If you would like more information on this, call Dan Presley at 894-5596.

**SAFETY**  
A lot of farm activity will be taking place this week if the weather stays good. Farmers will be operating tractors and other equipment. Farmers are getting in a rush now to continue land preparation and plant corn. In short there will be a lot of farm activity in Coffee County beginning this week.

It is natural that we have more farm accidents when we have more farm activity. For some reason more accidents occur early during plowing season. A few years back a Coffee County man had a tractor tip over on him. He had driven too close to the road bank which had been undermined with heavy spring rains. Fortunately he was not killed.

## Mrs. Brunson Entertains Music Lovers

The Music Lovers Club met in the home of Mrs. Carolyn Brunson with Mrs. Lamar Vaughan as co-hosts.

The guests were served delicious strawberry pie, nuts and coffee.

Mr. John Lowery, Vice-President, who presided, welcomed the guests and introduced Mrs. K. W. Anderson, Program Chairman.

Mrs. Anderson presented Mr. Rex Bryan and Mrs. Julian Thompson, instructors in Enterprise High School. They brought a small group of their drama students who performed several sketches from "Man of La Mancha."

The play will be presented by a larger cast at the Enterprise High School auditorium at 8 p.m. each evening of March 30, 31 and April 1. This is a musical drama filled with humor as well as serious moments, and is adapted from the TV play, "Don Quixote."

The performers were Larry Adams, Patti Whitman, Ken Ady and Scott Jennings, with Alice Sams as accompanist.

Mr. Jeff Hill, a new member was recognized, and also Mrs. Lolo Hood, a guest of the club. The name of Mrs. Janet King was presented to the club as a prospective member. She was accepted by unanimous vote.

In recognition of Mrs. W.C. Braswell's faithful and active years of service and membership in the club, Mrs. Sara Strong read a statement of appreciation.

The club was organized in the home of Mrs. Braswell in 1941. She was made an honorary member in appreciation for her years of service.

Members present were Mrs. K. W. Anderson, Mrs. W. C. Braswell, Mrs. Carolyn Brunson, Mrs. Edwin Cooper, Miss Jeannette Garrett, Mrs. Kimmie Ham, Mr. Jeff Hill, Mrs. Mark Holt, Mr. and Mrs. John Lowery, Mrs. Nellie Martin, Mrs. Ringo, Mrs. David Stokes, Mrs. Lamar Vaughan and Mrs. Kenneth Strong.

young people at the church in Elba. They have one daughter, Lillian Brock, who is a senior at Carson Newman College in Jefferson, Tennessee.

Linda has been involved in banking for more than fifteen years and for the past two years has been employed with the Elba Exchange Bank.

Mrs. Brock is active in various church positions. She is a teacher for the church programs of study, and is a regular participant in the church choir.

Although Mrs. Brock has no children in the Elba schools, she is still active in school and community activities. She is always willing to help out in any way she can.

his lengthy straight." The length discussion resulted from every councilman and Mayor Folsom expression opinions on the matter. A discussion on the exact wording of a policy motion also followed. Finally agreement was reached and the council approved a motion as follows:

"The City will repair driveways as needed on the right-of-way whether it be dirt, asphalt or cement." This was adopted unanimously. City Clerk Jack Nesco noted that it was the consensus of the council that no dirt be dumped by city crews to be spread by the property owner and the street superintendent or some other official would decide if a shovel of dirt was
